

## Higher Education Consulting

Being closely tied with some of the United States leading higher educational institutions, we offer **customized** consulting programs for U.S. domestic and international **students** seeking **admission** to top-tier **U.S. universities**.

Our admissions consultants keep up-to-date with the **latest trends** in **undergraduate** and **graduate** programs and are well-versed in U.S. admissions and financial aid processes.

We **work** with **students** as early as 9th grade to navigate their higher education needs and build **goals, portfolios**, interests, and activities to aid the **college admissions** process.

And we don't stop there. Our esteemed graduate school **experts** work with you **one-on-one** to strategize a **plan** of action to put together **graduate school applications** that are aligned with your **specific program's** requirements. Once you are **accepted**, our services can help you **polish** your **dissertations** and research papers. We can even help you **stay ahead** of deadlines by creating a **structured** timeline that is **individualized** to your courses.
